CLEAN SLATE

- ✓ According to a patented process, hydrolyzed Zeolite Clinoptilolite, passively, efficiently and naturally removes heavy metals and toxins from our body
- ✓ The zeolite clinoptilolite in the Clean Slate product is cleaned of all other impurities and other heavy metals
- ✓ Contains zeolite clinoptilolite (300mcg), water, potassium sorbate and ascorbic acid (vitamin C from strawberries)
- ✓ Due to the small size of the particles, it can penetrate where other detox products cannot - as confirmed by practical examples
- ✓ The advantage of Clean Slate is also in different particle sizes (from 100 to 0.88 microns), as toxins are also of different sizes
- ✓ It acts passively on our body - the product is not dangerous and burdensome for the body
- ✓ It does not remove good things from the body (Ca, Mg, K, Fe...)
- ✓ Clean Slate is not a medicine - it eliminates the cause - pollution of the body with environmental toxins and heavy metals
- ✓ GMP in BSCG certificate (doping-free)
- ✓ Read the instructions on the product before use, it is recommended to drink a lot of water while using Clean Slate

In May, I was diagnosed with very high diabetes, which exceeded 250, as well as the most aggressive blood cholesterol levels, which also exceeded 400. The Dr. woman in Austria prescribed a medication and diet to lower blood sugar and cholesterol. and even sent him to the internal medicine to do a cholesterol check because it was the most aggressive cholesterol that attacks the heart. I followed the treatment prescribed by the doctor and followed my diet but did not reduce my diabetes to below 150-185. It's been four months since I struggled with these. But one fine August day, the good God made me happy to meet Mária Farkas, who coordinated and helped me buy my Root Clean slate drops! If not completely, but it helped 70%! I feel healed and it's only been a month since I used ROOT drops and I can honestly say I was feeling well, after using Root drops I did the medical tests again and Dr. women and I were both very surprised that in such a short time I regulated my blood cholesterol levels and diabetes and over time I also lost 14kg! I feel very happy I am happy with the results of the drops and I boldly recommend you ROOT drops only all people need patience and ambition! I wish you health and a nice September day. -

Hi all fellow "Rooters" ...i just wanted to share some exciting news with you ...for over 10 years i have suffered with what is medically diagnosed as medium /aggressive Psoriasis ..mainly on my legs ..last year it took a severe twist ..it became infected and i had Cellulitis which could have lead to possible amputation ..i think you will find the photographs will outline where i was ...it was a very worrying time and as i am sure you can appreciate i genuinely did not know what my future held. I was put on a course of Methotrexate and i have to say it saved the day and i started to improve . But the scars and scaly skin remained ...As most people who suffer with Psoriasis will tell you its not just the physical scarring you live with its the Psychological scars ..living in Sunny Cyprus i was not able to wear shorts and sunbathe ...as people do not understand this dreadful disease ..creams ointments ..constant visits to Dermatologists ..all with different interpretations of how to address the issue !! Expensive applications and even a trip to the dead sea in Israel...as this is supposed to offer a healing mineral ...so after all these years and realising i was actually dealing with a auto immune problem so started using Keto diets ..vitamins and minerals which have helped but still the scarring remained and had to lean on steroid ointments to keep under control ..so a life of steroid and methotrexate was now a reality .. then i was introduced to you lovely people ..Clean Slate . WOW ...Following the instructions 2 x 10 drops per day for 3 weeks and i think you will see the changes ..no itching ..scratching ..no ointments apart from moisturising ..i have stopped taking methotrexate and at last i can see light at the end of this dreadful 10 year tunnelso please approach anyone you know with Psoriasis and share my story ..thank you ROOT for life ..Clayton for your product and informative videos and testimonials ..you have me i am hooked ..and i will be promoting Clean Slate ...even to the Dermatologists that merely offer lip service and expensive rubbish...i hope these photographs don't offend but felt you really have to understand my journey ..thank you... Mark

Hi everyone my lovely new friend [Leanne Littlewood](#) recommended Root for my Autistic son (he is 13 years old). When he was 18 months old he was vaccine injured and regressed into severe Autism. Hair tests showed he was full of heavy metals (in particular aluminium, mercury and lead). I have done various things over the years to clear the metals but don't feel I've ever fully resolved it.

I've only been giving Fin 2 drops a day (he is very sensitive) for the past few days but I can already see a huge difference in him! One of my biggest goals for Fin is independence which he has always lacked. I have to help him a lot.

Today I was shocked as when we got home from shopping he went to get the bags out of the car and helped me carry them to the kitchen totally unprompted! Normally he would never do something like this so I was really surprised!

He also made his own toast and buttered it, went upstairs to have a shower and then took himself off to bed by himself with no help from me at all!

Today I picked him up from club and one of his Autistic traits is he doesn't see the point of waving good bye to people. Today he waved goodbye to one of organisers at his summer sports club.

Another new thing was we were driving somewhere in car and Fin decided to turn up the volume as he wanted to hear his favourite song louder.

All of these changes have happened in his first week of taking the drops so at first I didn't link it with the drops but now it has dawned on me that there is a connection.

I'm excited to see how he progresses as one of the key areas I want to work on is speech.

Thanks again Leanne you are a star for reaching out to me ❤️

Hello Rooters, I quickly wanted to give me experience with Clean Skate and Zero In. I am 38 and had Fibromyalgia for over 20 year.

There has been times that I could hardly walk. Sleepless nights due to the severe pain.

About a 3 weeks ago my friend [Birgit Boesche](#) recommended the Root products to me.

Within a week I felt great improvement, less pain and I sleep so much better.

I am looking forward to see more improvement in the month to come. Will post again.

Hi everybody from Canada. I am beyond thrilled with my experience with ROOT Detox 💪💪

Love it and I had no major incidence like some people taking this for the first time.

On my first day just to make sure, I started with twice 5 drops, did feel not reaction at all, so the second day I went to 10 drops twice daily.

My skin got better I feel like I can breathe better and the energy is great! Also it helped my second stage in my weight-loss. 📉Down 16

kg now. I will add before and after pictures later as I have to get my after picture taken 😊

Love it and only can recommend this to everybody! Best product to date that I did experience to remove toxins out of my body!

Hope this will help for all who are still on the sideline debating if they should get it - Just Get It! 👍

Testimonial Mieke update 6-8 -2020

My name is Mieke Galiart

I'm from Holland. My whole life I have had abdominal pain, I have had thyroid cancer so my thyroid has been removed (so unfortunately I swallow a lot of junk) I must also mention that I was quite addicted to paracetamol, because I always had a headache 🙄 ... I certainly used a box in the month ... big box,

After 1 month using Clean slate it was gone and never got back! How happy 😊 I am for Clean slate

I have always been busy in my head and since January of this year I have found out that I have old age ADHD. Since April this year 2020 I use Clean Slate 2x 10 drops per day and ZeroIn 2x... and what happened is that my abdominal pain is gone and I've lost 10 pounds... And what I like so much is that I react much calmer to everything. And I also have more energy.

And I sleep 😊 that's great.

I also notice that my skin looks so beautiful and so soft, besides that my nails are so strong and nicely refreshed.

I also see changes in my hair that grow harder but they don't break so fast anymore...

How beautiful that is.

Thank you so much for these great products !

This is my 79 year old husband, David Hayward, he started on Clean Slate late March, at that time he walked with a shuffle, as he had no confidence in his balance. Today, July 3rd, this is him on our deck 🙌 He had given up playing the trumpet and he only felt comfortable speaking with close friends as he could no longer find words and it was difficult to understand him. His speech is still slow but he improves and he is back practicing the trumpet, painting and doing his Astrology research.

Please do not forget the older generation 🙏🙏 I cannot express my joy in watching my husband regain his ability to enjoy life. He was well aware of his limitations and knew he had been diagnosed with mild dementia over 10 years ago. He had come to accept his deteriorating brain power. Clean Slate and Zero In has given him hope. Thank Clayton Thomas and The Root Brand ❤️🙌

I would like to give my personal testimonial. About 3 weeks ago I started on Clean Slate and must say I was very impressed how effective it was within just a few days. I slept better, my skin has improved so much and of course felt all the signs of detox. 6 days ago I started with ZERO-IN and I have never been so focused. My problem was always to concentrate and I would start different things in between my work, now I stay focused the whole time. Amazing products. Thank you Root

Hi Birgit Zero In is amazing for getting work done 👍 Energy yes but the ability to focus and the calm feeling of well being is what I experience now on a daily basis. I have been on it since early April and it works each and every time. I think as I am on Clean Slate longer the focus actually improves 🙌😊

It is time to share also my personal testimony about ROOT products. First of all it is really important to say that me and my family are already living really healthy lifestyle and we try to avoid bad stuff as much as possible.

But ROOT products simply shock me. Already my first night I slept like never before in my life and since then it is like this. I noticed I have a lot more energy and focus, I am more calm and a lot more productive. But there is something I am really amazed...For over 5 years I had some kind of dermatitis on my head scalp (never asked doctor for official diagnosis). I have tried almost everything...from natural shampoos, creams, oils, etc...But nothing has helped. It was itchy and my head was full of small white "dust". It was really awful and sometimes also painful.

BUT after little less than 1 month I noticed that this problem ran away and since then never came back at all! 🙌🙌🙌🙌

I love to see how my body is eliminating heavy metals and toxins and can't wait to see what next weeks and months will bring to my and my family's health!

Thanks to ROOT products! 🙌🙌🙌

After 3,5 months of using the Cleanslate and Zero, I still see improvements. See picture below before and after of my fungal infection but I also had eczema on my toes. I don't use ointment or anything like that at all this is only by doing something about it from the inside. So by cleaning my body from the inside out. So don't expect a miracle within a month, your body needs time to get rid of heavy metals and toxins.

Hello! It's been 2 months since I used the 2 products. I feel much better, and of course the pictures say it all. This is my testimony from today 10.8 🍀🍀🍀

I am back like I promised 🍀

Like I said I started to use Clean Slate clean my body from nicotine, chemicals using cleaning products on daily basis more like 10 years what I believe working perfectly but what I didn't expect and recognize till yesterday is eczema on my right leg. Probably years ago I saw that I have 2 small marks on my leg and so much itching and sometimes real pain. In London where I live is extremely bad water and my skin was always very dry. Also, I had a very bad experience with this strong water. A few years ago I have to call an emergency because 3 days I was in big pain and I thought I have an appendix. More like 6 doctors in the hospital can't find out what is a problem if even morphine didn't stop this horrible pain. It was nearly midnight when finding out that it's probably infection from water that I get using the bath. They didn't recommend me anymore drink water only filtered.

Yesterday after the shower I find out that my eczema disappeared 🍀🍀🍀

Also, I lost again more weight what I really don't need because I have all my life 48-52kg but before I start using Clean slate I had 58,5kg and now I have 54kg. I can say also that my pneumatic around my belly how I call it 🍀 disappeared 🍀. My skin is so soft. I m 62 but I can say that I have less wrinkles like I had when I was younger and I am sure that I can thanks also for Clean slate because as Clayton said in one of his videos if we do detox more Water stay in our body. We know that reason why we have more wrinkles when we getting be old is that our bodies losing water.

So lady's isn't enough just spend so much money for expensive products get less wrinkles but drink a lot of "clean water " and use Clean slate for detox 🍀

August 10 · 🍀

This is my testimony from 26.6. 🍀🍀🍀

When I started using Clean slate drops for the first two days I had a headache, stomach, and nausea. Then he passed. I didn't notice any change, but after 4 days, my urine smelled very strong and I went to urinate more times than before. The second week I took the drops and noticed that I had lost 2-3kg and coughed less. The reason for the cough is that I am a strong smoker and I have been working with very strong cleaning products daily for 10 years and also with dust and mold. I use the product to cleanse my lungs of nicotine, dust, mold, which has accumulated over the years and causes a dry cough. It's true that I've only been using Root Clean slate drops for 2 weeks, but I feel like I have more energy, I can handle hard work better and breathe easier. When I pick up the first bottle I will buy again and share my experiences in the group. 🍀

Dry and itchy skin

I used drops clean my body from toxins and heavy metals but they helped me heal also my eczema on my leg and I found out about that just yesterday. So happy for that!

 Was it hormonal or possibly toxins screwing up the endocrine system and not allowing tumor suppressor genes and her immune system to work properly that show in testing as a "diagnosis" as hormonal breast cancer.

 Remember mercury, cadmium, arsenic and others are hormone mimetic.

ROOT CLEAN SLATE / ZERO-IN™ and Biological Age

Fractal Portrait of the Biorhythms:

The Fractal Portrait shows "biorhythm coherence" as it correlates to downstream hormones, such as cortisol and melatonin, that influence circadian rhythms and other biorhythms.

ROOT CLEAN SLATE/ZERO-IN harmonizes the biorhythm !!!

Biological Age:

This screen shows the client's actual age and his or her "Biological" Age. When in robust health, a client's biological age should be at or lower than his or her chronological age.

ROOT CLEAN SLATE/ZERO-IN improves Biological Age !!!

Fractal Portrait of the biorhythms

The Fractal Analysis features the degree of harmony of biological rhythms. The results are given in per cent. (Fractals by themselves demonstrate the systematic order of the disorder in the body). Disruptions in adaptability and rhythmicity can be seen or caused by both emotional and social imbalances.

In the initial measurement the test person's Harmonisation Status reached to 50%. The final taking showed positive changes. The level of harmonisation of the biological rhythms increased to 99% by taking the **ROOTS CLEAN SLATE/ZERO-IN**.

Biological Age

With increasing age, the regulatory capacity of our body diminishes and HRV decreases. At the time of our natural end of life, the HRV has also fallen to a minimum. For this reason, the HRV measurement allows conclusions about the biological age of our body. The 61-year-old test person has a biological age of 53 years in the initial measurement. In the final measurement the biological age was calculated to be 31 years, resulting in a biological rejuvenation of 22 years. This shows a breaking proof on the effects of the **ROOT CLEAN SLATE/ZERO-IN**.

BIOLOGICAL AGE

BEFORE USE: Actual age 61 years - Biological age 53 years.

TEST AFTER 45 minutes: Biological age 31 years.

Aura Portrait:

Reveals the energy level of the aura.

It visualizes the overall health status on the basis of calculated corona discharges and as a numerical value in a circular field. The better the overall constitution, the denser, wider and brighter this light frame is. The weaker the constitution, the more open, thinner and darker the light frame around the physical body.

ROOT CLEAN SLATE/ZERO-IN improves the energy field of the Aura !!!
